

# Spinella

Congratulations you are about to enjoy a totally new sitting experience

## **This is how to assemble your Spinella Chair**

*The box contains:*

1 no 5 Star cruciform base complete with 5 twin wheeled castors

1 no Gas action complete with black plastic covering... tapered wedge design

1 no **Spinella** back support with fitted cushions...

1 no **Spinella** seat cushion with all mechanisms for the chair adjustments, fixing bolts allen key and user instructions manual.

*Assembly:*

Place the 5 star base on the floor and then locate the gas action in to the central hole in the base using the thicker shaped end of the steel column.

On the **Spinella** seat cushion there are 3 fixing bolts remove the first bolt from the steel plate and slacken or loosen the remaining 2 bolts but leave them in position.

Place the **Spinella** seat cushion on to the smaller end of the gas column.

Fit the **Spinella** back support with fitted cushions to the seat pad by locating the slotted cut outs between the 2 bolts and then screw the remaining bolt in to the pre drilled hole and tighten all the bolts with the Allen Key provided thus securing the **Spinella** back support to the **Spinella** seat cushion.

Your **Spinella** chair is then assembled.

Finally before use or moving **SIT ON THE CHAIR** to pressure the gas column in to the cruciform base and to ensure the castors are fully located and locked to the 5 star base.

User Instructions are attached to the chair ...now you are ready enjoy!!!!
